

Hybrids

WHITLEY STRIEBER

A searing new novel from bestselling author Whitley Strieber

For years, people have feared that sexual material removed from victims of alien abductions might lead to the creation of something that modern science considers impossible: hybrids of the alien and the human.

They would think like aliens, but appear human, and be able to do something that full-blooded aliens can't—walk the earth freely.

In *Hybrids*, Whitley Strieber unleashes his unparalleled skills as a thriller writer and his unique knowledge of the abduction phenomenon to explore what might happen if hybrids invaded the earth—not from the stars, but from exactly where the aliens told him they would emerge, when one of them said, "We will come from within you."

Praise for Whitley Strieber:

"Whitley Strieber's *Critical Mass* is one hell of a book—a frighteningly plausible conspiracy-thriller that is so real it sometimes feels like an expose. It conjures up a world that is terrifying in its technological plausibility—if not probability."

—DOUGLAS PRESTON, *NEW YORK TIMES* BESTSELLING AUTHOR OF *BLASPHEMY*

"Engrossing.... A first rate exercise in literary paranoia."

—*PUBLISHERS WEEKLY ON THE GRAYS*

"[A] truly spooky sci-fi tale."

—*PEOPLE ON THE GRAYS*
